exhibition and lecture in augustinum-killesberg stuttgart

with Nanna

In the gallery of the seniors' residence Augustinum-Killesberg, next to the State Academy of Arts Stuttgart and the Weissenhof Settlement, textile objects from the interim project "linen & wool - searching for traces on the Swabian Alb" will be exhibited from January 11 to the end of February.

The opening will take place on (Thu) 11th January 2018 at 6pm.

On (Thu) 18th of January at 5 pm Nanna explains her project in the Augustinum Theater with charts and explains how she came into contact with older women and their "textile stories". The recorded narratives and the collected textile products were the basis and source of inspiration for the objects presented in the Gallery Augustinum.

In the Augustinum program flyer, the cultural commentator writes about Nanna's exhibition "In her current project, she explores the textile heritage of the Swabian Alb and artistically explores the history of this region".

For residents of the retirement home Nanna offers textile art education.
