

09/22/2018

discovery day - treasures of the west 2018

with Nanna

In Nanna's studio workshop, the door in the backyard will be wide open for the second time on the discovery day. In time, it will be announced at this point what awaits visitors on the day in the basement. What is certain is that a kind of textile exhibition is being designed; in all probability a "guest textile artist" will be presented again.
